

I am thankful for my cat Smokey. I love to play with him. My cat sleeps with me at night and keeps me warm. I love my Uncle Tommy because he plays computer games with me. He's special because he cooks for me and fixes my computer. I am thankful for my friends at school. I love playing legos with them. They love to give me high fives and help me with my wheelchair. I am so lucky to have great family and friends.
